

# INNOVATION IN TRAINING – Master Class

**OVERVIEW:** The one day workshop is designed to provide proven techniques for those involved in training. Participants will develop activities and tools that can inject excitement into the learning process heightens involvement and extends the growth of participants

**AIM:** Designed for trainers to explore new concepts, develop new activities and re-energise their facilitation techniques.

## WORKSHOP OUTCOMES

- Building on the existing range of skills
- developing methods to inject energy and attention
- Handling large amounts of information effectively
- Adapt facilitation techniques to engage all participants
- Take away a kit of resources developed within the workshop

## AGENDA

- Developing activities into work related games & applicability
- Adapting icebreakers & session summaries to your workplace
- Converting questionnaires to cards
- Effective tools with high involvement & work related outcomes
- Implementing serious play
- Assessment tools that add enjoyment
- Using board games for growth
- Prepare a list of action ideas for use

## ***Presented by Catherine Logue***

*Catherine has been involved in the business sector for 40 years. Working in the training sector she shares her experiences and workable applications with her participants. Her qualifications in education and business provide a balanced and innovative approach to training. She delivers nationally accredited courses as well as designing and delivering workshops for the corporate sector.*

*Her talent in facilitation has seen her present overseas in Los Angeles, Montreal, Auckland and Las Vegas. Nationally her clients include Australia Post, Dept of Transport, University SA, University Adelaide, PMA Australia, PMA International, IPI USA, ESCOSA, Southern Health, City of Tea Tree Gully, Pacific National and Haigh's Chocolates.*

*Catherine has written several resources for trainers. She has developed a resource business called 'Teaching Tools' which produces a range of props and activities for educators and facilitators to aid the learning process.*
